Dear Ms. Fript:

I am writing in response to your letter of September 4, 1990, and wish to draw your attention to our letter of May 12, 1989 addressed to Ms. Susan Swalews, 5HSM-12.

In our letter, on page 3, I quote:

"The following pages and backup support described as exhibit A to calculate the potential amount of waste we created, would clearly indicate to us that even though we used the dump site part of the time, our disposal that had any kind of hazardous material in it would have been very minute, and probably not enough to include in any clean-up action."

Our position remains unchanged. If you have any questions please call me at 317-668-8144.

Very truly yours,

Donald H. Cleveland  
Corporate Auditor
